

Technical Information Neon

Fluorescent colours for the painting of all kinds of vehicle parts, even on motor cycles and bicycles. Suitable for: metal, coatable hard plastics.

(In Germany not permitted on all car parts, please attend the local traffic regulations!).

Also suitable for use on polystyrene.

DUPLI-COLOR Neon colours need a white ground to have highest luminosity, therefore please prime with DUPLI-COLOR Primer white art.no. 191262. Do not use a primer in case of use on polystyrene!
