

## Technical Information Compressed-Air Spray

presto Compressed-Air Spray remove easily, with high pressure, dust and lose dirt from places which are hard to reach.

## For use on:

- · audio- and video equipment
- watches
- cameras
- keyboards

### Quality and properties

- very effective
- leaves no residue
- indorous
- flammable
- strong, directional spray

### Physical and chemical data

- Basis: propane/butane
- Smell: indorous
- Propellant: carbon dioxide
- Relative density at 20°C: 0.55 g/ml
- Storage stability: 10 years if appropriate storage provided (=10°-25°C, relative air humidity of max. 60%)
  - Size:
  - aerosol can, maximum nominal volume 400 ml

## Environment and labelling

Environmentally compatible: European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

Disposal: Please mind the residue inside the containers. Completely emptied containers can be used for recycling. If cans are not emptied, they should be disposed off as "special refuse".

Only for DE: In order to ensure a high reuse and recycling rate, the legislator requires, in accordance with §15 - VerpackG, Paragraph 1, the return of transport, sales or outer packaging, alternatively, however, deviating agreements can also be made.

Labelling: All products of European Aerosols comply with the current status of their labelling regulations. Classification and distinction takes place by the presently legal form of the **Globally Harmonized System of Classification and Labelling of Chemicals** (GHS) or rather by CLP 1272/2008/EG regulations. Our safety data sheets comply with the current form of REACH 1907/2006/EG, article 31 und appendix II,

### Using instructions

# Before use, carefully read and observe the warning texts on the label!

# **Application:**

- Bring can to room temperature.
