

Technical Information Alkyton Primer+

DUPLI-COLOR Galvinol is a special primer improving the adhesion on very smooth and non-porous surfaces, such as zinc, galvanised steel, stainless steel, aluminium, copper, glass, porcelain and other smooth surfaces.

Remains sticky at the surface and forms the perfect adhesion promoter for the subsequent painting with DUPLI-COLOR Alkyton Rust Protection.

Order informations

There are no precuts to show.

Disclaimer of liability

This application-technological information is given to the best of our knowledge. The notes mentioned herein are, however, non-binding and do not exempt you from own tests to see whether the products supplied by us are suitable for your special application. The use and processing is beyond our control and therefore exclusively in the responsibility of the user. European Aerosols is let off the liability, unless the liability-based incident is caused by a fault incurred to European Aerosols.

As of February 29, 2012

This release replaces all eventually earlier issued versions.
