

Technisches Merkblatt Abbeizer

presto paint stripper dissolves several layers in a single pass, quickly and deeply. Ready to use, odorless, adheres very well to vertical surfaces.

For use on:

For removing old varnish and paint layers based on oil, nitro and synthetic resin, polishes, matting, latex and emulsion paints, alkyd resin, plastic plasters and adhesive residues, putty and PU foam remnants of all common substrates such as stone, wood or metal.

Order informations

There are no precuts to show.

Disclaimer of liability

This application-technological information is given to the best of our knowledge. The notes mentioned herein are, however, non-binding and do not exempt you from own tests to see whether the products supplied by us are suitable for your special application. The use and processing is beyond our control and therefore exclusively in the responsibility of the user. European Aerosols is let off the liability, unless the liability-based incident is caused by a fault incurred to European Aerosols.
