

Technical Information Transparent Spray

Transparent-Spray is suitable for application on numerous transparent objects, which you want to give colour, while you want to keep the transparency resp. the structure of the ground. Examples: glass, transparent coatable plastics, wood, lamps, bulbs, metals etc.

Attention:

The use on motor vehicles in the area of lightening and windows is in many countries not allowed!

Plastic parts have to be primed with MoTip Plastic Primer!

Not suitable for the use on polycarbonate!
