

Technical Information Adhesive Remover

presto Adhesive Remover - removes quickly and easily label and adhesive residue on treated and untreated parts of metal, glass, wood, stone and various types of plastics.

With the low rate of evaporation the adhesive remover has a good solvency, so it allows a highly efficient and economical use of the product.

Order informations

There are no precuts to show.

Disclaimer of liability

This application-technological information is given to the best of our knowledge. The notes mentioned herein are, however, non-binding and do not exempt you from own tests to see whether the products supplied by us are suitable for your special application. The use and processing is beyond our control and therefore exclusively in the responsibility of the user. European Aerosols is let off the liability, unless the liability-based incident is caused by a fault incurred to European Aerosols.

As of March 12, 2014

This release replaces all eventually earlier issued versions.
