

Technical Information Copper Spray

presto Copper Spray is a high-quality thin liquid lubricant with a high copper content that is particularly suited to heat-resistant and heavy-duty parts.

For use:

- Lubricating battery contacts, brake parts, hinges and clutches
- Stopping disc brake pads from squeaking
- Protecting battery contacts and terminals
- On spark plugs, exhaust system joints and attachments and much more
- Not suitable for vehicles with ABS and ASR brake systems!

Order informations

There are no precuts to show.

Disclaimer of liability

This application-technological information is given to the best of our knowledge. The notes mentioned herein are, however, non-binding and do not exempt you from own tests to see whether the products supplied by us are suitable for your special application. The use and processing is beyond our control and therefore exclusively in the responsibility of the user. European Aerosols is let off the liability, unless the liability-based incident is caused by a fault incurred to European Aerosols.

As of April 4, 2011

This release replaces all eventually earlier issued versions.
