

Technical Information Degreaser

MoTip Degreaser is a mild universal cleaner used to remove silicone, tar, wax, grease and other residues before coating. Suitable for use on bare metal and most plastic surfaces, it evaporates quickly and leaves no residue.

Quality and properties

- High dissolving power
- Removes silicone, wax, tar, grease and other dirt
- Leaves no residue
- Non conductive
- Non corrosive

Physical and chemical data

- **Colour:** transparent
- **Storage stability:** 10 years if appropriate storage provided (=10°-25°C, relative air humidity of max. 60%)
- **Size:** can with 200ml or 500ml content

Environment and labelling

Environmentally compatible: European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

Disposal: Please mind the residue inside the containers. Completely emptied containers can be used for recycling. If cans are not emptied, they should be disposed off as "special refuse".

Only for DE: In order to ensure a high reuse and recycling rate, the legislator requires, in accordance with §15 - VerpackG, Paragraph 1, the return of transport, sales or outer packaging, alternatively, however, deviating agreements can also be made.

Labelling: All products of European Aerosols comply with the current status of their labelling regulations. Classification and distinction takes place by the presently legal form of the **Globally Harmonized System of Classification and Labelling of Chemicals** (GHS) or rather by CLP 1272/2008/EG regulations. Our safety data sheets comply with the current form of REACH 1907/2006/EG, article 31 und appendix II,

Instruction manuel

Before use, carefully read and observe the warning texts on the label!

Application:

- Shake can for 2 minutes before use.
- Apply degreaser to a cloth and clean object.
- Repeat process for stubborn dirt.
- Test compatibility for metal and plastic objects on an inconspicuous area.
