

Technical Information Freezer Spray

presto Freezer Spray is a highly effective aid to remove severe rust and jam from joints e.g. screws, nuts, bolts and crankshafts. Special components create a short-term "cold shock" on the rusted tools, which shrinks them.

Order informations

There are no prelocuts to show.

Disclaimer of liability

This application-technological information is given to the best of our knowledge. The notes mentioned herein are, however, non-binding and do not exempt you from own tests to see whether the products supplied by us are suitable for your special application. The use and processing is beyond our control and therefore exclusively in the responsibility of the user. European Aerosols is let off the liability, unless the liability-based incident is caused by a fault incurred to European Aerosols.

As of: October 8, 2012

This release replaces all eventually earlier issued versions.
