

Technical Informationen Inox-Spray

presto Inox-Spray is a reliable corrosion protection as well as a surface coating. Seals weld spots and weld seams. Also applicable as corrosion protection during spot-welding between car body sheets.

Paintable with all common paint systems, e.g. acrylic, synthetic, epoxy resin or nitro combi lacquers.

Order informations

There are no prelocuts to show.

Disclaimer of liability

This application-technological information is given to the best of our knowledge. The notes mentioned herein are, however, non-binding and do not exempt you from own tests to see whether the products supplied by us are suitable for your special application. The use and processing is beyond our control and therefore exclusively in the responsibility of the user. European Aerosols is let off the liability, unless the liability-based incident is caused by a fault incurred to European Aerosols.

As of October 18, 2011

This release replaces all eventually earlier issued versions.
