

Technical information VitoMat III Pneumatic Filling Machine

The ColorMatic VitoMat filling machines allow ColorMatic pre-fill spray paint cans (already containing propellant and specific additives) to be filled with individual paints. There are three different VitoMat filling machines to choose from, each offering advantages for different needs. All machines fill both 400ml and 150ml cans.

Detailed instructions of **150 ml** and **400 ml** filling are applicable.

Application:

VitoMat III is a very quick machine for filling large volumes.

Note:

Lacquers and cleaning agents containing xylene must not be filled or used! Please observe the safety data sheet.
