

Technical Information Leak Detector Spray

Leaks in compressed air and gas flow systems can be detected by using the high-quality presto Leak Detector Spray. Bubble will indicate where the leak is. The foam is easy to wash off with water. It leaves no residue that could impede repair work. DVGW certificate no. NG/5170BR0105.

For use on:

Pipes, hoses, tyres, tanks, compressors, pressure switch, compressed air bottles, refrigerant circuits and systems with combustible gases.

Order informations

There are no precuts to show.

Disclaimer of liability

This application-technological information is given to the best of our knowledge. The notes mentioned herein are, however, non-binding and do not exempt you from own tests to see whether the products supplied by us are suitable for your special application. The use and processing is beyond our control and therefore exclusively in the responsibility of the user. European Aerosols is let off the liability, unless the liability-based incident is caused by a fault incurred to European Aerosols.
