

Technical Information Penetrating Oil

presto penetrating oil is a powerful special oil that penetrates, thanks to its high creeping ability, into the finest and narrowest gaps and threads and effectively eliminating friction and squeaking noises. It infiltrates rust and loosens stuck screws, nuts, bolts and other fasteners, etc. The special recipe with high-quality graphite and MoS₂ ensures perfect, lasting lubrication. Metal, rubber and many plastics are not attacked by presto penetrating oil.

For use on:

Lubricates, protects and cares all moving parts.

Order informations

There are no precuts to show.

Disclaimer of liability

This application-technological information is given to the best of our knowledge. The notes mentioned herein are, however, non-binding and do not exempt you from own tests to see whether the products supplied by us are suitable for your special application. The use and processing is beyond our control and therefore exclusively in the responsibility of the user. European Aerosols is let off the liability, unless the liability-based incident is caused by a fault incurred to European Aerosols.
