

**Technical Information Heat-resistant Spray**

To renovate, repair and embellish objects which are exposed to high heat, such as barbecues, stoves, stovepipes, lampshades etc.

Advise for application on barbecues:

Painted surfaces should not get in contact with barbecue food!

Charcoal tanks can achieve temperatures, which exceed the maximum temperature-resistance of the spray!

Available in 5 colours, which are resistant up to 300°C - 690°C.
