

## Technical Information REPAIR Metal "styrene-free"

---

Excellent adhesion to steel sheets, iron and aluminum surfaces. Also suitable for galvanized and hot galvanized surfaces.

presto REPAIR is a product line for DIY and professional use. Good adherence on all surfaces specified on the front of the packaging. Easy to spread with a spatula, when properly applied, does not crack and doesn't create porosity. Thanks to the high density it is easy to apply and can be worked even on vertical supports. Compatible with all conventional paint systems.
