

## Technical Information Compressed-Air Spray

---

presto Compressed-Air Spray remove easily, with high pressure, dust and loose dirt from places which are hard to reach.

### For use on:

- audio- and video equipment
- watches
- cameras
- keyboards

---

### Quality and properties

- very effective
- leaves no residue
- inodorous
- flammable
- strong, directional spray

---

### Physical and chemical data

- **Basis:** propane/butane
- **Smell:** inodorous
- **Propellant:** carbon dioxide
- **Relative density at 20°C:** 0.55 g/ml
- **Storage stability:**  
10 years if appropriate storage provided (=10°-25°C, relative air humidity of max. 60%)
- **Size:**  
aerosol can, maximum nominal volume 400 ml

---

### Environment and labelling

**Environmentally sound:** European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

**Disposal:** Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse".

**Marking/Labelling:** All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.

---

### Using instructions

**Before use, carefully read and observe the warning texts on the label!**

#### Application:

- Bring can to room temperature.
- Operating temperature 5° to 30°C.
- Switch off electronic and electrical equipment before use so that there is no current at all.
- Spray judge on the surface to be cleaned and spray in short burst.
- During treatment keep the can vertical.
- When the pressure falls interrupt the application, so that the pressure can build again.
- **After treatment wait to all the combustible ingredients are vaporized (after 15 minutes at least)**

---

### Order informations

---

### Disclaimer of liability

This application-technological information is given to the best of our knowledge. The notes mentioned herein are, however, non-binding and do not exempt you from own tests to see whether the products supplied by us are suitable for your special application. The use and processing is beyond our control and therefore exclusively in the responsibility of the user. European Aerosols is let off the liability, unless the liability-based incident is caused by a fault incurred to European Aerosols.

As of April 25, 2012  
This release replaces all eventually earlier issued versions.
