

Technical Information Degreaser

MoTip Degreaser is a mild universal cleaner used to remove silicone, tar, wax, grease and other residues before coating. Suitable for use on bare metal and most plastic surfaces, it evaporates quickly and leaves no residue.

Quality and properties

- High dissolving power
- Removes silicone, wax, tar, grease and other dirt
- Leaves no residue
- Non conductive
- Non corrosive

Physical and chemical data

- **Colour:** transparent
- **Storage stability:**
10 years if appropriate storage provided (=10°-25°C, relative air humidity of max. 60%)
- **Size:**
can with 200ml or 500ml content

Environment and labelling

Environmentally sound: European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

Disposal: Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse".

Marking/Labelling: All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.

Instruction manuel

Before use, carefully read and observe the warning texts on the label!

Application:

- Shake can for 2 minutes before use.
- Apply degreaser to a cloth and clean object.
- Repeat process for stubborn dirt.
- Test compatibility for metal and plastic objects on an inconspicuous area.

Disclaimer of liability

This application-technological information is given to the best of our knowledge. The notes mentioned herein are, however, non-binding and do not exempt you from own tests to see whether the products supplied by us are suitable for your special application. The use and processing is beyond our control and therefore exclusively in the responsibility of the user. European Aerosols is let off the liability, unless the liability-based incident is caused by a fault incurred to European Aerosols.

As of: February 8, 2010

This release replaces all eventually earlier issued versions.
